**YOU CAN HELP!!**

I am always looking to add more past players to the "Pitcher's Archive". I just need a photo of the player to be added. All players should have pitched in the KHPA at one time or had ties to organized horseshoes in Kentucky. To submit a photo, just message me, Robert Taylor-KHPA Historian and I will be happy to add them to the archive.

This is a great way to remember and reminisce about all of our horseshoe pitchers that have pitched from the past and present!

**ENJOY!**
